

RED CENTRENATS 11 SHOW N SHINE JUDGING GUIDE

VEHICLE JUDGING

Entrants wishing to be judged must initially be presented to judging during scrutineering.

ELITE SHED DISPLAY

Vehicles that qualify into the Elite Shed Display will be listed and/or contacted via SMS before and during judging at scrutineering.

Entrants can bump in on Friday afternoon, and each vehicle is limited to the entrant plus up to five helpers. Children are not permitted into the pavilion for the bump in period.

The Elite Shed Display will be held on Saturday, with the vehicles staying in the pavilion overnight Friday and Saturday but can leave for driving events and street parade.

Those wishing to participate in the driving events must notify the Chief Judge before positioning their vehicle in the pavilion. Arrangements will be made for your vehicle to take part in Red Centre Champion driving events.

DISPLAYS

Cars that are elevated with stands must have a barrier and there must be a 2m space between each vehicle/barrier. Vehicles must be displayed with drip trays, and keys out of the ignition.

It is recommended low wattage LED lights are used for displays. Entrants must also display caution signs for lights which produce heat, and all electrical cords must be safely secured to ensure no trip hazards. All electrical items must test and tagged prior to the Event.

Any branded signage must be approved by Red CentreNATS prior to displaying. Signage will be removed if deemed unsuitable.

JUDGING GROUPS

Entrants may nominate their category preference; however, the judging team will classify each vehicle into one of the below categories.

ELITE

Elite recognises and rewards the supreme craftsmanship and build quality found at the absolute top level of restoration, customisation, with only the very best vehicles accepted to compete.

STREET

Street exhibits a high degree of detail and finish; however, they've been built to be registered and street driven. It's not all about good looks and breathtaking presentation, vehicles must incorporate a high degree of innovation, practicality, and usability to have any chance of being a front runner in this intensely competitive category.

No undercarriage detailing will be accepted. Floor pans, chassis and mechanical components can be painted, but no filling of seams, welds, or highly detailed areas.

JUDGING CRITERIA

- Quality of workmanship
- Innovation
- Degree of difficulty
- Cleanliness
- Presentation

Vehicles must be presented ready for judging, including unlocked and the bonnet open. The judges will only score what they can have access to. Entrants are encouraged to advise the judges a brief description of any detailed workmanship or modifications.

Red CentreNATS defines a street machine as a post-1948 street driven vehicle that has been restored, modified, or customised. To further identify other vehicle types, Hot Rods are pre-1948 vehicles given similar re-build treatment or as described by the ASRF handbook.

Points are awarded in the following areas taking into consideration:

BODYWORK assess the preparation of the body before paint is applied. Consideration is also given to gaps, straightness, quality, and degree of difficulty of modifications to the body.

PAINT includes preparation, primer, and overall finish in all areas of the vehicle.

STANDARD PAINT is a solid, metallic, or pearl colour available on OEM vehicles.

INTERIOR key areas are creativeness, workmanship, and attention to detail. Consideration all items visible from the doorjams, dash, floor coverings, rear parcel, hood lining, seats, modified/fabricated panels, use of materials and fitment.

UNDERCARRIAGE includes the floor pan, substructure, driveline components, suspension components and all visible brackets, fuel lines etc on the underside of the car.

ENGINE BAY reviews the fitment and finish of engines and accessories and all other components in the engine bay, the overall detail and enhancement.

ENGINEERING covers all non-factory modifications that would require a degree of manufacturing including driveline and suspension components.

AWARDS – VEHICLE, OVERALL

AWARD	DESCRIPTION

AWARD	DESCRIPTION
BEST STREET BIKE	Best bike either factory built, or owner modified whilst retaining legal road registration
BEST VINTAGE / VETERAN	Best bike over forty-year-old

RED CENTRENATS CHAMPION – In Honour of Nigel Warr

This is the highest award at Red CentreNATS.

Entrants wishing to contend for the Red CentreNATS Champion must inform the Chief Judge by 10am Saturday 7th September 2025 and be displayed at the Elite Shed in the designated area.

The Red CentreNATS Champion Competition will be conducted in accordance with the Motorsport Australia and Australian National Drag Racing Association Respective regulations. An entrant cannot win the Red CentreNATS Champion award more than two times in a row with the same vehicle, then not again for another two years unless the vehicle has gone through a major rebuild. A major rebuild includes new paint colour, engine, interior and overall look.

Points are accumulated by judging, votes received in People's Choice and overall performance in the driving events.

The driver must be the Entrant noted on the application form. The vehicle needs to be road registered or have been approved with the appropriate permits to drive on public roads.

The Red CentreNATS Champion will receive a locally built trophy, \$7,500 and join the elite ranks of those who have proved themselves worthy of one of the most sort after awards in the Australian Street Machine scene.

PROGRAM

DAY	ACTIVITY
Wednesday/Thursday/Friday	Vehicle judged
Friday	Elite Shed Display vehicles announced and setup
Saturday	Elite Shed Display show Red CentreNATS Champion Driving Events – Grass Driving
